

# Software Support for The Medical Manager®

High-Quality Service from Senior Technicians

## You Have Options

Users of The Medical Manager® have options when it comes to sourcing software support and a claims clearinghouse. Our team of senior technicians has worked with The Medical Manager® and a variety of EDI vendors since the early eighties. We are the partner of choice for thousands of providers nationwide who want a more immediate, higher-quality and personalized approach to issue resolution.

## Getting More for Less

Practices of all sizes and medical specialties count on us to deliver quick response times, quality customer service and go-forward guidance on governmental mandates. In addition, our clients can enroll with an innovative online clearinghouse that reduces the administrative billing burden so both payer and patient payments arrive faster.

## Interfacing The Medical Manager® to a Best-of-Breed EHR

Don't jeopardize cash flow by replacing The Medical Manager® with an electronic health record (EHR) that doesn't have an equally strong financial system behind it. There are many fully certified EHRs that seamlessly interface with The Medical Manager® so you can protect your investment and safeguard cash flow. Our support team would explore your EHR options with you. Then, work with your vendor to integrate the interface.
